2009 CUSTOMER CONFERENCE

OTTAWA, Canada, February 16, 2009—Harris Computer Systems is pleased to announce the details of our 10th Annual Customer Conference. The 2009 Conference is set for October 21st—23rd, 2009 at the Gaylord Opryland Resort and Convention Center in Nashville, Tennessee. Our Professional Development workshops will run on October 19th and 20th, 2009.

The Gaylord Opryland Resort and Convention Center is centrally located within Nashville which will allow you to experience the energy and excitement of MUSIC CITY, USA. While music is the lifeblood of Nashville, you will also find a city of culture, history, haute cuisine, pro sports, academics, natural beauty and pure Southern charm.

The conference offers attendees a unique opportunity to view our applications and gain even greater value from our solutions. This is an excellent opportunity to meet and network with other customers to exchange ideas, solutions and best practices.

The 2009 conference will include many in-depth, informative sessions and our experienced Support Professionals will be on hand to provide one-on-one assistance at our Support Center. The Partner Showcase will provide our customers with a relaxed environment in which to explore the various types of products and services offered and how they might benefit their respective organizations.

So, mark your calendars and get ready for a high-intensity, highly-entertaining conference!

More information about the conference, including costs, registration and the agenda will follow in the coming months.

About Systems & Software, Inc.

Since 1973, Systems & Software has been a top-rated CIS provider to municipal and investor-owned (IOU) electric, water and gas utilities. With an unrivalled track record of success, the company's web-based enQuesta software drives advanced business performance including utility billing, revenue management, mobile workforce management, GIS integration, electronic bill presentment & payment (EBPP), automated meter integration (AMI/MDM), time-of-use (TOU) billing, asset management/work management integration, customer self-service web portal, business intelligence and reporting. Based on service-oriented architecture (SOA), enQuesta is specifically designed for utilities and is proven to increase efficiencies and revenues, as well as enhance customer service. For more information about Systems & Software, and enQuesta, please visit www.ssivt.com

About Harris

Harris is a wholly owned subsidiary of Constellation and is a leading provider of financial management and Customer Information Systems (CIS) software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to all levels of local government, public power and water entities as well as school districts throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time.
